Final Result NALI Innovation Competition and Exhibition 2026

GOLD

Team ID	Project Title	Award
33	ElektroTutor AI: A Bilingual 3D-Avatar Voice Tutor for TVET Electrical & Electronics	Gold
19	EDU Facialytics X: Explainable AI-Based Multimodal Assessment of Academic Oral Presentations	Gold
115	BijakKimpal: Human-AI Co-Designed Web Learning for Welding Technology Achievement	Gold
91	AI-Generated Pre and Post-Quizzes Using Edcafe for Flipped Learning	Gold
81	Constructively Aligned Reflection Assessment (CARA) Framework for CPBL Course	Gold
24	Research Proposal Interactive System–Guided Proposal System (RPIS-GPS) Integrating Human–AI Hybrid Intelligence for Responsible Proposal Development	Gold
20	Learn2Unlock	Gold
1	LENSA CITRA SEJARAH	Gold
142	PITCH: A Human–AI Accountability Framework for Authentic Group Assessment	Gold
14	Cognitive and Tactile Synthesis with Dual-Modality Framework: Synergizing AI Agents with Experiential Tangible Pedagogy	Gold
7	From Drone to Decision: A Human–AI Synergistic Learning Ecosystem for Combating Urban Heat Islands	Gold
124	AgroThink: Human-AI Scaffolding for Accessible, Personalised Smart-Farming Learning	Gold

48	ChemVerse AI: An immersive AI-Powered Virtual Laboratory for Computer Aided Chemistry	Gold
134	Balaghah Detective AI: A Formative, Adaptive and SPM Simulation System for Balaghah Assessment	Gold
80	CHEER-Ai: Reimagining Chemistry through Intelligence and Values	Gold
109	A Gamified Approach to Teaching Well Trajectory and Directional Drilling	Gold
11	Using AI-Generated Scripts and Student Personalisation through the P.E.E.R. Video-Supported Learning Framework	Gold
87	Sustainbee AI: A Lifelong Learning Ecosystem for Sustainable Stingless-Beekeeping Education	Gold
47	AI-Integrated Critique Cybergogy (AICC): A Human-AI Collaborative Learning Approach for Analytical Learning	Gold
125	Transforming Mathematical Engineering Education: Physics-Informed Neural Networks as a New Pedagogical Paradigm	Gold

SILVER

Team ID	Project Title	Award
56	E2THICaL - Engineering Ethics Through Hands-on, Immersive Collaborative Learning	Silver
73	A Persuasive Design Framework for Actionable AI-Driven Learning Analytics Dashboards	Silver
139	Mathematical Thinking Engine with AI Theorem Proving: Human-AI Synergy in Proof for Engineering Mathematics Pedagogy	Silver
97	BizDay: Transforming Business Assessment through Authentic Experiential Learning and Industry Engagement	Silver
29	REACH Reflect+: A Structured Framework for Global Experiential Learning	Silver
71	ProbGAI: Integrating Generative AI into Problem-Based Learning in Embedded Systems Education	Silver
59	Read–Record–Reflect (R^3): A Human–AI Collaborative OBE Speaking Assessment Model for Short-Term Korean Language Courses	Silver
43	Critical and Ownership-based Reflective Evaluation (CORE) Framework	Silver
23	BC-DSL Web Application: A Cloud-Based Interactive Sandbox for Human-AI Pest Management Pedagogy	Silver
8	EQVS: A Smart Digital Assessment Governance System for Enhancing Constructive Alignment, Assessment Quality and Learning Outcomes in Higher Education	Silver
123	Students’ perception of structured GenAI feedback in enhancing legal problem-solving	Silver

10	CO-CREATING GAMIFIED SIMULATIONS THROUGH THE AI-DEVELOPED, EDUCATOR-DIRECTED PEDAGOGICAL TRANSFORMATION (ADEPT) FRAMEWORK	Silver
22	COUNSELQUEST: Human–AI Synergy in a Gamification-Based Guidance and Counselling Learning Ecosystem	Silver
119	BeeHive: A Human-in-the-Loop AI Coach for Authentic Property-Management Learning	Silver
126	HERITAGE FOR THE FUTURE: KALAM'S TRANSFORMATIVE LEARNING THROUGH MEASURED DRAWINGS AND HERITAGE ARCHITECTURAL HISTORY	Silver
9	Integrated Assessment Management System (IAMS): A Configurable Platform for Executing and Managing Alternative Assessment in Higher Education	Silver
68	Neuropharm-Retain: A Longitudinal Team-Based Framework for Applied Neuropharmacology Learning	Silver
75	Empowering Local Product Advertising via Human-AI Pedagogy in Canva Web Design	Silver
96	Adaptive Science Curriculum for E-Waste Management through Nature of Science and Project-Based Learning	Silver
100	Visual and Verbal Stimulation (SVSL) as Scaffolding in Newman's Procedure to Enhance Coordinate Geometry Problem-Solving Ability	Silver
145	VeriLearn AI	Silver
21	SafePlant Quest: Turning Process Safety and Health into a Playable Learning Adventure	Silver
143	MYFresh Logistics Crisis: A Hybrid Serious Game for Experiential Logistics Learning	Silver
95	A HUMAN–AI SYNERGY MODEL FOR AUTHENTIC INDUSTRY-BASED ASSESSMENT IN PROPERTY TAXATION EDUCATION	Silver

144	IRIDESCENT GROVE : SMART TELEPROMPTER WITH ADAPTIVE VOICE-RESPONSIVE TEXT NAVIGATION	Silver
45	Awang-Matik: Empowering Orang Asli Jakun Learners Through Culturally Responsive Ethnomathematics	Silver
82	Design-Switch-Mark gamification and flexible Vodcast-based authentic assessment: Human-AI synergy complementary pedagogy model	Silver
89	Intensive English Programme (IEP) as an Immersive and Innovative English Language Learning Ecosystem	Silver
38	The Equipment Design Expert: A Course-Grounded Gemini Tutor for the Individual Equipment Design Deliverables	Silver
63	SmartLewis Application	Silver
130	Industry-Based Integrated Project-Based Learning for System Development: A Human-AI Synergy Approach	Silver
4	Student as Manager: Human-AI Synergy for Employability Pedagogy	Silver
90	Evaluating Library-Assisted Information Literacy Workshops Through AI-Assisted Triangulated Assessment Analytics	Silver
138	From Prompt to Practice: Human–AI Co-Consultancy through the Halal Integrity Business Model Canvas (HI-BMC)	Silver
72	SULAM through Multimodal Tamil Comics: Empowering Student Teachers to Innovate	Silver
44	Analog-Digital-Analog (ADA) Pedagogical Model to Re-hook Humanistic Judgment in Landscape Architecture Education	Silver
53	Ethnomathematics Activities Integrating Batik Terengganu, Traditional Chinese Lanterns and Rumah Limas to Support Lower Secondary Geometry Learning	Silver

79	StudyPal: Human-AI Synergy for Adaptive Mastery-Based Learning in Higher Education	Silver
85	Learner Challenge-Selection Patterns in a Congkak-Inspired Adaptive Learning Environment	Silver
27	QDBS PBD: AN INTEGRATED STUDENT EVIDENCE AND ASSESSMENT WORKFLOW VIA QR DYNAMIC BINDING SYSTEM	Silver

BRONZE

Team ID	Project Title	Award
146	ACES 2026 Programme: Internationalisation at Home through Human-AI Exploration and Co-Creation for Sustainable Cultural Innovation	Bronze
67	Digitalising Okara Nugget (Soydget) Innovation via Human-AI Collaborative Learning Module	Bronze
111	ReasonAI: Beyond Correct Answers Through Human-AI Synergy in Mathematics learning	Bronze
127	Architects of Narrative: Human-AI Quantity Surveying Pedagogy	Bronze
64	AI Japanese Learning Assistant: An AI-Enhanced Blended Learning Model for Personalized Japanese Language Education	Bronze
74	A Digital, Immersive, and Collaborative Learning Ecosystem for Traditional Silat Sendeng Martial Heritage	Bronze
86	ErgoCheck AI: Smarter Workstations, Better Comfort	Bronze
122	EMPOWERING GRASSROOTS FOOTBALL DEVELOPMENT AMONG ORANG ASLI CHILDREN	Bronze
36	AiEDU: The 'Learning ECG' Engine for Human-AI Pedagogy	Bronze

54	THINK Before PROMPT: A Student–AI Synergy Framework for Responsible Learning in Integrated Case Study Course	Bronze
77	AI Storybook: From AI Literacy to Creative Teaching Practice	Bronze
94	The ACE Model: Empowering Students to Learn With AI, Not Just From AI	Bronze
108	QaulanAI: Dakwah Kreatif, AI Beretika dan Komunikasi Beradab	Bronze
	From Classroom to Client: AI-Enhanced Industry Immersion for Authentic SDLC Learning in Accounting	Bronze
140	EduAdapt AI: An AI-Enhanced Assessment and Adaptive Learning Platform	Bronze
5	MindfulPlay AI: An AI-Supported Approach to Emotional Regulation and Learning Readiness	Bronze
15	PANDASPEAK: Human–AI Mobile Assisted Language Learning Application	Bronze
61	EQADAB®: An Experiential Decision-Learning Tool	Bronze
136	INTEGRASI CEYYUL BEAT AI KE ARAH MENINGKATKAN PENGUASAAN CEYYUL BAHASA TAMIL DALAM KALANGAN MURID SEKOLAH MENENGAH RENDAH	Bronze
1	CinePrompt AI for Guided Cinematic Prompt Creation in Student Digital Storytelling	Bronze
128	Reimagining Construction Contract Learning Through Human-AI Storytelling	Bronze
17	EQUI-NOMICS Simulator: An Interactive Digital Platform for Simulating Health Equity and Evaluating Socioeconomic Impacts	Bronze
76	SpeedTrials2D: Improving the Collaborative Assignments and Projects Approach through Online Gamification in Real-Time Software Engineering	Bronze
41	Enhancing data literacy and higher-order thinking skills through AI-Augmented Collaborative Assessment	Bronze

30	Challenge-Based Experiential Artificial Intelligence Literacy with Peer Teaching to Develop Student Deepfake Detection Skills	Bronze
114	Moodify: Bounded Hybrid AI Pedagogy to Enhance Emotional Intelligence and Reduce Aggression in Malaysian Adolescents	Bronze
92	An Institutional Framework for AI Readiness in Sustainable Education	Bronze
101	ThesiScan 2.0: Enhanced Thesis Formatting Checker using AI	Bronze
102	HAIL-B: A Human-Centred AI Learning Behaviour Framework for Responsible AI-Assisted Engineering Education	Bronze
58	An Industry-Integrated Professional Learning and Curriculum Enhancement Ecosystem (iPLACE) for TVET Accounting Education	Bronze
	LiLis GaLang's Technique: From Classroom Education to Digital Learning	Bronze
84	SMART GRID	Bronze
99	NUTRIBITE CHOCOLATE ENERGY BAR: AN INCLUSIVE FUNCTIONAL FOOD INNOVATION FOR SUSTAINABLE HEALTHY LIVING	Bronze
	Hands-on Experiences with Human Mentorship in Semiconductor IC Design through Short-term Internship for Lifelong Learning	Bronze
137	Title: AI Integration in Ethics Education: An Innovative Approach to Case Creation and Peer Learning	Bronze
78	Innovation of Team Teaching Approach with Industry Expert via Co-taught Symposium and A Guided Case Study Exposure	Bronze
88	AI-Orchestrated Collaborative Case-Based Learning Framework	Bronze
112	HUMARK-AI: Human-Verified Generative AI for Assessment and Feedback in Higher Education	Bronze

60	WARM: Bringing Primary Science to Life through a WebAR-Supported Learning Environment	Bronze
105	SeaClear:A Semi-Automatic Sea-Spike Filtering System Using Mean Absolute Deviation and Median Filtering (SSFS-MAD+MF)	Bronze
12	Beyond Conventional Group Work: A Role-Based, Multisource Teamwork Assessment Framework for Small-Cohort Learning	Bronze
42	Blended Learning Through Interactive Classroom and Sustainable Fertigation System in Secondary School Education	Bronze
93	Understanding Cognitive Engagement and AI Adoption in Learning Platforms: Evidence from Filipino and Indonesian Higher Education	Bronze
106	Detective: Guiding Critical Reasoning in Mathematics Learning	Bronze
32	RETHINKING THE START OF LEARNING: THE 'EXPLORATION TO UNDERSTANDING' MODEL WITH GEMINI NOTEBOOK	Bronze
35	AIGC-Driven Style Library for Children’s Food Packaging Design Education	Bronze
34	Scaffolding Digital Case-Based Collaborative Learning for Teaching Personality Psychology	Bronze

CERTIFICATE OF APPRECIATION

Team ID	Project Title	Award
83	Cahyo–Naess Learning System (CNLS): A Multiperspective SSI-Based Learning Innovation	Certificate of Appreciation
46	Learning AI by Building AI Through A Hands-On Process Modelling Approach for Chemical Engineering Education	
49	Human-AI Synergy in Standards-Driven Petroleum Engineering Learning
